## **APCD Forum to Present Strategic Toxic Air Reduction Program (STAR)**

**Louisville, KY (September 23, 2004)** – Louisville Metro Air Pollution Control District will hold a public forum to present and discuss the Strategic Toxic Air Reduction (STAR) Program.

**Who** – General Public

- Interested citizens, business owners, public health advocates

**What** – Open House and Public Forum

- Presentation by APCD Director Art Williams of the STAR program and draft regulations

**Where** – Louisville Metro Air Pollution Control District's office

- 850 Barret Avenue (corner of Breckenridge and Barret Avenue)  
APCD Board Room (first floor, handicapped accessible)

**When** – Thursday, September 30, 2004

- 6:30 P.M. - Open House (View new air monitoring equipment, air quality monitoring maps, STAR program regulations and related material)
- 7: 00 P.M. - STAR Presentation
- 7:30 – 8:30 P.M. Questions and Answers

**Why** – Louisville Metro Air Pollution Control District invites the public to participate in the forum to discuss the issue of toxic air contaminants and improving Louisville Metro's air quality.

APCD wants to engage the community and business owners and operators in an open forum to discuss protecting public health and the proposed regulatory changes. Art Williams, APCD director, will present draft regulations, which will be followed by a question and answer period.
